# TDS SYNTHESIS

BUILT IN ODISHA - CARRIED EVERYWHERE

# CRAFTING BAGS THAT CARRY TRUST

Founded in Odisha, TDS Synthesis has grown from a modest workshop into a trusted maker of institutional bags built for strength and safety. From banking cash bags to school backpacks and corporate carriers, our products serve organisations with durability and integrity.

What makes us proud is not just the bags we build, but the confidence they carry. Every stitch reflects our care, every lock our promise of security. Rooted in Odisha's spirit of honesty and hard work, TDS continues to craft bags that support everyday journeys with purpose.

# FROM STRUGGLE TO STRENGTH – A JOURNEY OF TRUST

**TANKADHAR DAS**  
**FOUNDER**  
**TDS SYNTHESIS**

When I began TDS Synthesis, I had a small workshop, a few machines, and a dream. The early days were hard — resources were scarce and competition was fierce. But I never compromised on quality.

Slowly, institutions began to recognise our dedication. Today we are proud to serve banks, schools, and corporates across India. Yet I still walk the factory floor each day to make sure our standards remain the same..

There were moments of doubt, but the encouragement of our customers and the dedication of our workers gave me the strength to continue. Looking ahead, my dream is for TDS Synthesis to represent Odisha on the global stage. With honesty and persistence, even a small workshop can grow into an institution of reliability

# MINIMALIST. FUNCTIONAL. LASTING.

We believe good design is not about adding more, but about **focusing on what matters**. Our bags are minimal in form, strong in function, and lasting in performance.

Every seam, zip, and lock is purposeful. We avoid excess and keep our products straightforward, making them **reliable companions for institutions of every size**.

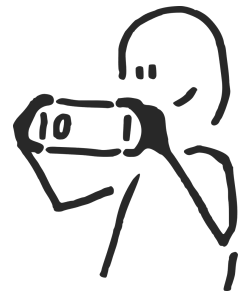

Our philosophy is built on three words: **Simplicity, Strength, Sustainability**. By keeping designs efficient and production disciplined, we ensure **long-lasting value for clients** and minimise our environmental footprint. We challenge the throwaway culture by creating products that are designed to endure the rigours of daily institutional use, **meticulously stress-tested for longevity** and crafted with reparability in mind. Ultimately, choosing our products is a commitment to quality, responsibility, and a straightforward solution that performs reliably year after year.

# TRUST

---

At TDS Synthesis, trust is earned. Every bag — from school satchels to secure banking carriers — is built on this promise.

It is confidence that keeps our stitches strong, assurance that makes our zippers secure, and reliability that brings our customers back year after year.

**EVERY BAG, A PROMISE.**

Our vision is to take Odisha's  
craftsmanship to the world. By  
blending traditional skill with  
modern technology, we will deliver  
institutional bags that meet global  
standards and carry forward our  
values of honesty and strength.

# EVERY BAG, A PROMISE

At TDS Synthesis, every bag is crafted with care and precision. From classrooms to boardrooms, we carry the trust of thousands. Our journey from a small workshop in Odisha continues with one promise: quality without compromise.
